

IMI SCOPE[®]

PORTABLE DIMENSIONS

- 37" (.9 m) x 23" (.58 m) x 26" (.66 m)

ENVIRONMENTAL

- Temp Range -4 F to 140 F (-20 C to 60 C)
- Relative Humidity 95% Non-condensing

WARNING : All metal detectors should only be used by trained personnel who have a thorough understanding of their operation. If the user of a metal detector does not follow the operation manual and the unit is not properly set up, it can allow metal objects to pass through undetected.

Metal detectors have been associated with EMI (electromagnetic interference) that may potentially effect pacemakers and ICDs. We recommend that any patient with such a device be screened by alternative means.

INTELLIGENT

USER FRIENDLY CONTROL PANEL WITH PROGRAMMABLE MEMORY

- Digital I/O
 - Keypad with security access control (lock-out)
 - LED bar graph for target strength
 - LCD for keypad interaction
 - Adjustable volume control
- Memory feature for location specific user settings
- Self Test / auto calibration at turn ON
- Transit counter

SPLIT COGNITIVE IN FORM & FUNCTION

- Specialized design allows operator to monitor surrounding areas

DYNAMIC

SINGLE PERSON PORTABILITY

- Weighs approximately 90 pounds / 45 kilos
- Assembly / disassembly in only 5 minutes

EFFECTIVE

HEAD TO TOE, ZONE SPECIFIC DETECTION

- 3 sensor with LEDs

100 LEVELS OF ADJUSTABLE SENSITIVITY

- Designed to meet your level of need

DESIGNED FOR USE

- Indoor or outdoor use (not water-proof)
- Battery operated (includes AC adaptor & recharge kit)
- 40 hour batter life
- Multiple units may work within close proximity
- Designed to meet regulatory standards: FAA, NILECJ-0601.00

WARRANTY • 24 months parts and labor
