

DEF-24 Side-Handle Baton

Police all over the world are replacing the straight baton with the far more effective Side Handle Baton — for everyday police work as well as for anti-riot duty. Our DEF-24 baton, a one-piece polycarbonate molding, is the world's _____

More Stabbing Power

Better Finger Protection

Easier to Retain

Higher Striking Speed

The DEF-24 baton cannot be taken away, while a conventional straight baton can be taken away easily

To instruct your Force in the use of Side Handle Batons we will train your trainers at your location. Performed by our Director of Training Mr. Lawrence Peterson, Chief Trainer of the US Marine Corps (shown here)

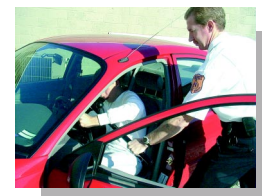

Ideal for 1-2-3 Arrests

1-2-3 Chair Extractions

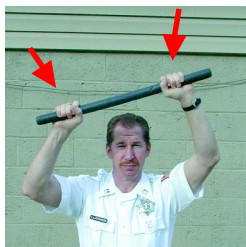

1-2-3 Vehicle Extractions

The DEF-24 baton protects the fingers, a conventional straight baton does not

Covering the Handgun
